Overview

Western Australia is colourful whatever time of year you visit. It has pink lakes, blindingly white beaches, turquoise lagoons… But the rainbow hues are next level when wildflowers blanket national parks and botanic gardens. Expect some seriously pretty (and perfumed) excursions on this wildflower tour of Western Australia from Perth. Meet your Travel Director and join a Local Expert Guide for a walk through Perth's lush Kings Park, where you'll discover WA's spring blooms, whether cowslip orchids or kangaroo paws, the state's national floral emblem. It's remarkable to think that this inner-city patch of green is home to the Western Australian Botanic Garden, replete with more than 3,000 species of the state's unique flora. This lush setting is a natural magnet for wildlife – keep watch for more than 70 bird species that reside here. This evening, join your Travel Director and fellow travelling companions for dinner. Hotel: Crowne Plaza Perth. Included Meals: Dinner
